Re: Public Records Request (09-01-2011).

Dear Mr. Hodai:

As nonpartisan Rules Counsel in the House, I have been asked to assist Peter Gentala, Counsel to the Majority, in contacting you and to follow up on your public records request. Because we have seen a much higher volume of these requests over the last several months, and because of staffing constraints and a very busy interim at the legislature, we are running behind.

You have requested records from Representatives Andy Tobin, Debbie Lesko, Eddie Farnsworth, John Kavanagh and Cecil Ash "which pertain in any way to . . . Russell Smoldon and/or Margot 'Meg' Wuebbels Leal (or any variation thereof . . .)." Let this memorialize the transmittal of records responsive to your request. Included are a portion of records from Speaker Tobin, Representatives Debbie Lesko, Eddie Farnsworth and Cecil Ash. Representative John Kavanagh does not have any records that are responsive to your request.

From the records of Representatives Tobin, Lesko, Farnsworth and Ash, there are items that have either not been provided to you or which have been redacted. By way of explanation, there are two categories of such records not provided:

1. Items subject to legislative privilege.
2. Items of personal, private or related confidential information.

Regarding the first category, records within the custody of a legislator or legislative staffer that involve the performance of legislative acts by a legislator, and any communications related to those acts, are subject to legislative privilege. *Arizona IRC v. Fields,* 206 Ariz. 130, 75 P.3d 1088 (App. 2003). The second category includes personal or private email addresses, non-business physical addresses, cell phone numbers and the like. Please contact me if you have any questions.

Sincerely,

L. Timothy Fleming
Rules Attorney

usually sponsors go together on dinner and social events.. not sure what days that happens... I need to refer you to Russell Smolden, I'm not trying to back out... just don't have time to figure the social events program and am more likely than to disrupt it and I don't want to control it...

Hello!

I've attached a DRAFT of your account. It's a draft because my accountant is out so I can't do a reconciliation yet (which I will do early next week and confirm) but I thought this might be helpful in the meantime. You are less than $500 under what you need as of this point. I am certain Accounting will agree to cover that so that everyone who is in thus far will get paid.

Thanks,
Laura

Hello!

I've attached a DRAFT of your account. It's a draft because my accountant is out so I can't do a reconciliation yet

(which I will do early next week and confirm) but I thought this might be helpful in the meantime. You are less than $500 under what you need as of this point. I am certain Accounting will agree to cover that so that everyone who is in thus far will get paid.

Thanks,

Hi Kristen,

Sharon Jarnigan said you usually send over something to her so Bob Burns can send a thank you letter to the ALEC scholarship sponsors. Can you keep me in the loop on that? I want to make sure the donors have been thanked.

Also, Kirk Adams and Andy Tobin want to help raise funds for the Washington DC trip.
Kirk really wants a lot of the newcomers to attend.

Russell and Kristen: Do you have suggestions?
Maybe have Kirk, Andy, and I split up phone calls asking for donations.
I'd like to start on this right after the primary election.

Hi Russell,

My intent is for this energy group to work together to develop an energy plan for Arizona.

Is this realistic?
Besides having the participants introduce themselves and tell me what role they play in Arizona's energy, what is your input on what I should ask them to prepare for in advance?

For example, I was thinking of asking them to be prepared to answer the following questions:

How much energy do you think Arizona will need in the future?
What role would you like to see your company/industry play?
How do we get there at a cost that is reasonable to the public?
What does the ACC have to do in order to accomplish this goal?
What does the legislature have to do in order to accomplish this goal?

I like letting people know in advance what the agenda of the meeting will be and what I want to get out of it.

Please give me your input on the questions, so I can draft an invite.

Sincerely,

The Wallow fire's advancement slowed today compared to yesterday's rapid spread (see updated map below). As of this morning, the fire had burned nearly 350,000 acres in eastern Arizona, according to an Arizona Emergency Information Network (AZEIN) bulletin.

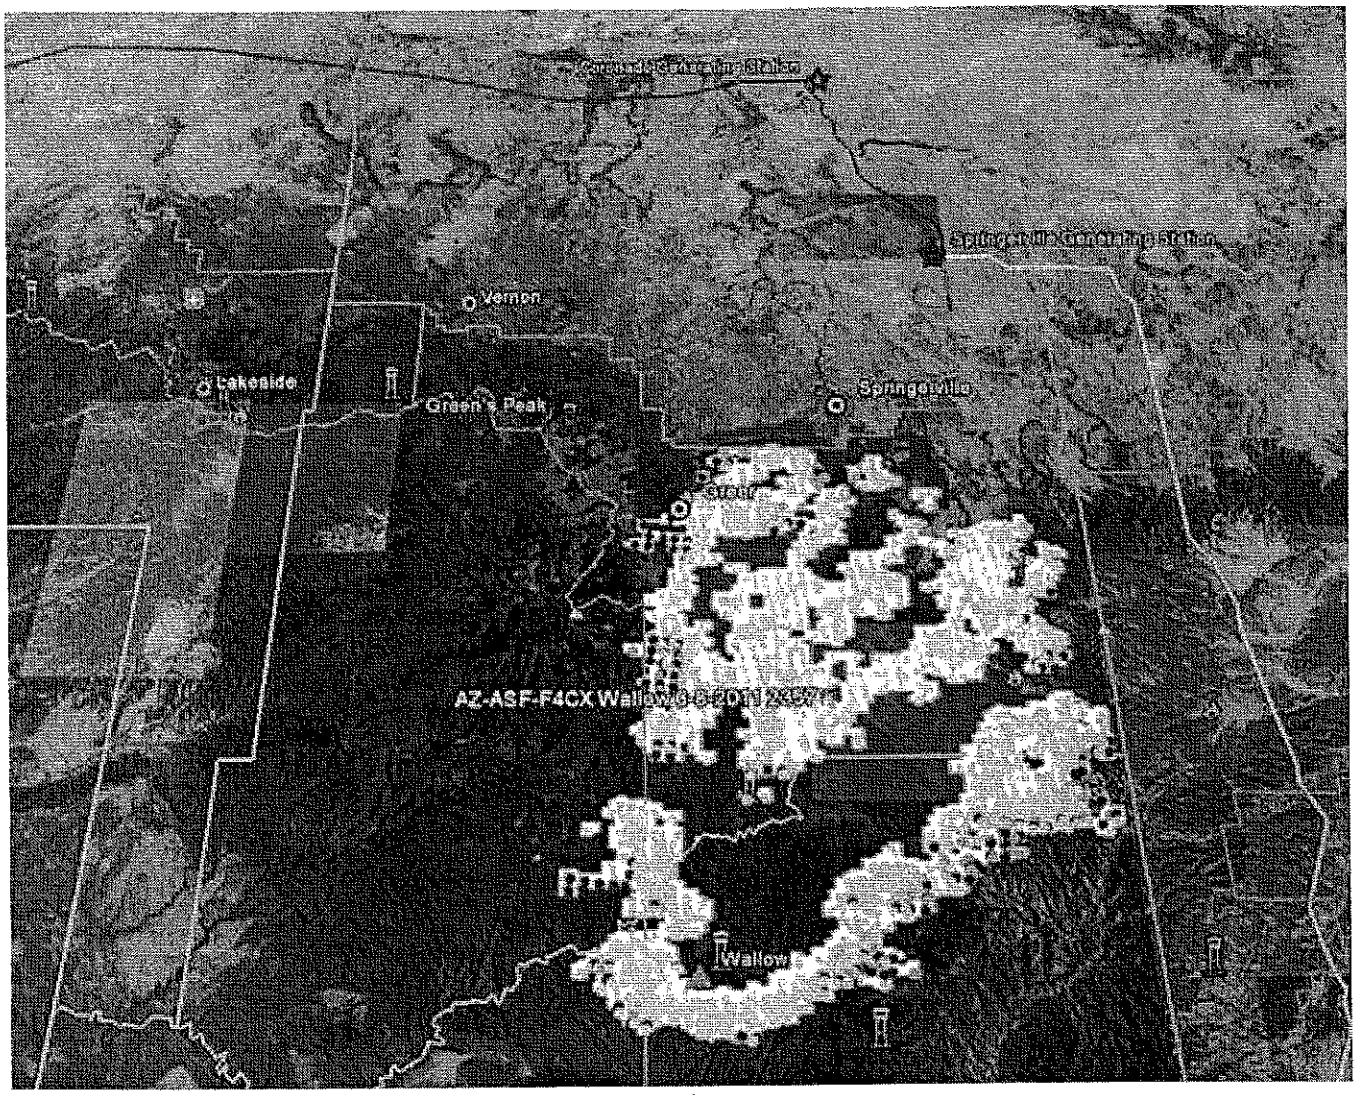

Currently, Eagar, Springerville, Sunrise, Greer, Blue River, Alpine and Nutrioso have been fully evacuated. Populated areas around Green's Peak, Hidden Meadow and Luna (NM) are on pre-evacuation alert. Thirty-four SRP employees have been impacted by alert notices and evacuations.

As of midday, the north edge of the fire was approximately 33.3 miles from Coronado Generating Station (CGS), 15.1 miles from Springerville Generating Station and 9.7 miles from Green's Peak microwave communication sites, which link CGS to Valley plants.

Operations at CGS and Springerville still have not been disrupted by the fire. Nearby transmission lines that link the two plants and bring power to the Valley continue to be monitored. Contingency planning has begun in case the fire or smoke knock out the transmission lines or SRP's major communication equipment at Green's Peak.

At this time, SRP is not anticipating any impacts to power in the Phoenix Metro area. Most of the fire has been within the SRP watershed. The calendar-based Monsoon 2011 will begin June 15 and we do not expect runoff from the fire to affect our reservoirs.

You can find fire updates at the AZEIN website.

Red line from west to CGS=two 500-kV lines; SRP operated
Red line between CGS and Springerville=one 345-kv line; SRP interest (TEP operated)
Yellow line from Springerville to south= two 345-kv lines; TEP operated

Hello Mrs. Lesko,

It looks like I won't be able to join everyone at ALEC after all. I am currently bedded up at a hospital in Africa with a bad lung infection (pneumonia), and my prognosis puts my return to the states a week later than I had planned, thus missing the conference. I am hoping ALEC will consider refunding my registration. Perhaps you could put in a good word for me. I believe I am within the window allowed

for canceling my room so I should be able to take care of that. Not sure what can be done about my US Airways tickets.

Anyway, just wanted to bring you up to speed. I'm really disappointed I'll have to miss it. I'm sure it will be great and I was really looking forward to it! Perhaps next time. Pass along my best to all those who attend.

AMERICAN LEGISLATIVE EXCHANGE COUNCIL

Disorder in the Court Educational Programming

State-Specific Tort Reform Boot Camp

Project Overview

The American Legislative Exchange Council (ALEC), as the nation's largest nonpartisan individual membership organization for state legislators, is riding the wave coming out of the midterm elections. We count nearly 2,000 legislators as members and that number is climbing daily. Our members are united by ALEC's mission to advance the Jeffersonian principles of limited government, free markets, individual liberty, and federalism. And a significant number of the newly elected state legislators hold these principles in the highest regard.

Of the new legislators elected on November 2, nearly 700 were elected to show support for the principles held in common with ALEC. These newly elected subscribe to ALEC's mission statement of limited government and fiscal responsibility but don't have the legislative experience of a veteran lawmaker which is essential to advance their views of society and the role of government. This highlights a sincere need for targeted educational programming. And ALEC is uniquely positioned to fulfill this need.

In past, ALEC has hosted Academies, 2-day seminars for up to 50 legislators from a variety of states, to give attendees a crash course on legal reform policy. In 2002 nearly 20 Mississippi legislators attended the program and out of that came the "Mississippi Miracle," the 2004 comprehensive tort reform bill that few had expected to pass. In the words of attendee Mississippi State Senator Tommy Moffat, "legislators planning to do any work in the tort reform area [,] get to ALEC." Now more than ever is such an educational program needed. But much more is needed. Educating 50 legislators is not nearly enough.

Thus, ALEC plans to host multiple state-specific and condensed academies, or Tort Reform Boot Camps, to reach more legislators sooner, before legislative sessions get too far along and the opportunity for preemptive education is lost. ALEC's Civil Justice Task Force will play a central role in educating the newly elected conservative state legislators on the need for tort reform and the specific legislation that will fulfill their policy goals. These Tort Reform Boot Camps will be a catalyst for affirmative legal reform legislation in this political environment ripe with opportunity.

The Basics

Tort Reform Boot Camps will be held in state capitals for like-minded legislators between January and April of 2011. While the specifics will be tailored to practicalities in the particular states, for the most part the Boot Camps will cover general legal reform and specific reforms needed in the state. This half-day conference will bring together

freshman lawmakers and legal reform experts, including both local tort reform advocates and ALEC advisors with a national perspective on legal reform. At the event, we will host a meal and give attendees targeted reference materials and publications.

Tort Reform Boot Camp: The Legislative Guide

Nearly as important as providing in-person education on tort reform for the newly elected will be giving them a tangible takeaway, something to reference and recall the highlights. ALEC would like to supplement the seminars with a legislative guide, a book providing common-sense, in-plain-English explanations of the most common problems facing our tort system today and the legislative solutions.

Not only would the Guide be used at the Boot Camp events, it would be mailed to at least all ALEC state legislators. Depending on sponsorship levels and requests, the Guide could be disseminated to all state legislators.

Cost

Each Tort Reform Boot Camp would be priced at $15,000, which would include speaker fees, travel costs, food and hosting expenses.

To write, produce, print, and disperse the Tort Reform Boot Camp Guide for State Legislators, the sponsorship would be $20,000. To send books to all state legislators beyond just those that are ALEC members, an additional $5,000 would need to be raised.

I strongly encourage you to consider supporting ALEC in this endeavor. ALEC is uniquely situated to educate the newly elected legislators who are ready to embrace policies that further our shared political and philosophical beliefs. On tort reform in particular, ALEC is seasoned in its ability to simplify complex policy, provide meaningful support to legislators, and foster well-informed debate. ALEC is non-fungible in this role.

Subject: ALEC energy task force

Hi Al,

The good news is that we have a lot of ALEC AZ legislative members.
The bad news is that there are not enough ALEC task forces to coincide with all our legislative committees.

1. Gail Griffin asked me prior to you talking to me if she could be put on the ALEC Energy, Environment, and Agriculture Task Force since she is the Chairman for Water, Land Use and Rural Development <http://www.azleg.gov/CommitteeInfo.asp?Committee_ID=68>. She wanted me to talk to Bob Burns. Bob Burns agreed to move to the International Relations task force so Gail could move there. Prior to that change, she was as alternate member on another committee.

2. Sylvia Allen has been on the ALEC Energy, Environment, and Ag Task force for several years and told me she wants to remain on it.

3. Frank Pratt is the House Committee Chairman on Energy and thus wants to be on the ALEC Energy task force.

4. I didn't even have enough room to put Russ Jones who is chairman of the House Water and Ag Committee as a primary member on the ALEC Energy, Environment, and AG Task Force. Instead he is an alternate member.
Also, Steve Pierce is an alternate member since I didn't have any more primary spots on that committee.

5. Since ALEC does not allow more than three primary legislators on each committee, I placed you as a primary member on the ALEC Commerce committee, since you are the Chairman of the Senate Commerce and Energy Committee.

6. You are certainly invited to sit in as a guest in the ALEC energy task force meetings and work with that task force staff.

Thanks for your understanding,
Debbie

Hi Rep. Lesko,

Thank you for letting us know about the upcoming ALEC conference in late November. We are happy to assist in letting visiting legislators know about Arizona.

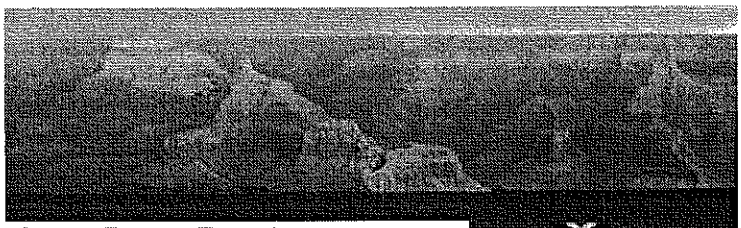

Here is a link to our "Travel Deals" on our consumer website. If there is communication that goes out to the legislators prior to their travel, please feel free to include this link.

If we can get contact information for those traveling here prior to their arrival, we are happy to send a copy of our official state visitor guide to them.

I've reached out to the Scottsdale CVB, the Arizona Restaurant Association and the AZ Hotel and Lodging Association to let them know ALEC will be here this year. I will follow-up with the Scottsdale CVB again and see if they have something personalized as well.

Hello!

I've attached a DRAFT of your account. It's a draft because my accountant is out so I can't do a reconciliation yet (which I will do early next week and confirm) but I thought this might be helpful in the meantime. You are less than $500 under what you need as of this point. I am certain Accounting will agree to cover that so that everyone who is in thus far will get paid.

Thanks,

Good Afternoon!

Salt River Project's Government Relations team would like to invite you to participate in a legislative briefing on SRP power and water operations followed by a helicopter tour of the Arizona watershed. We hope this half-day program on **Wednesday, May 26** will work for you. The program features presentations and Q&A with technical experts on water and electricity followed by a helicopter tour of the Salt and Verde Rivers.

The following agenda is being coordinated for the briefing:

8:00 am, Arrive at SRP's Project Administration Building (PAB), continental breakfast provided

8:15 am - 9:00 am, Physics of Electricity: Bill Twardy, Manager, Rate Design

9:00 am - 9:45 am, Water: John Hetrick, Senior Analyst, Water Contracts

10:00 am, Van departs to Crosscut helipad

10:15 am -11:45 pm, Watershed tour

12:00, Return to PAB

Please RSVP your attendance at your earliest convenience to Nicole Hayworth at 602-236-2574 or [redacted] Once you RSVP, a confirmation and a map will be sent to you. We hope that you will be able to join us for the briefing and tour.

What:	**Energy Discussion and Lunch**
When:	**Thursday, May 20th, 11:30-1pm**
Where:	**University Club** **39 E. Monte Vista Road** **Phoenix, AZ 85004**
Goal:	**Work toward setting an energy policy for Arizona**

AGENDA:

Be prepared to answer the following questions:

- How much energy do you think Arizona will need in the future?
- What role would you like to see your company/industry play?
- How do we get there at a cost that is reasonable to the public?
- What does the Arizona Corporation Commission have to do in order to accomplish this goal?
- What does the Legislature have to do in order to accomplish this goal?

Depending on how many people show up, each person will have approximately 3-5 minutes to speak before we open it up to discussion. Please have your answers in writing as well, so Senator Melvin and I can have a copy.

My goal is to have future meetings during the interim and into the next legislative session.

Thank you to Russell Smoldon with SRP for sponsoring the lunch.

Subject: Energy AdHoc Committee's Tour of NGS - revised agenda
Importance: High

Good Afternoon,

SRP Government Relations is looking forward to hosting a tour of NGS for the Energy AdHoc Committee on September 29th . We would like you to get the most out of your experience, therefore, we have slightly revised the agenda to include a tour of Glen Canyon Dam. Glen Canyon Dam is operated by the Bureau of Reclamation and the main purpose of the dam includes generating electrical power and storing water for the southwest. You will be able to participate in a private tour of the dam's hydroelectric powerplant and learn about its operations. The departure time will remain the same, however, instead of arriving back in the Valley at 2 pm, you will return at 3:30. The modified agenda is as follows:

8:00 a.m. Arrive at the SRP Hangar for a mandatory safety briefing and boarding

8:15 a.m. Wheels up

9:15 a.m. Wheels down (Page)

9:45 – 11:30 a.m. Tour of NGS

11:45 Lunch at Fiesta Mexicana

1:00 p.m. Tour Glen Canyon Dam

2:30 p.m. Wheels up (Page)

3:30 p.m. Wheels down (Phoenix)

If you have any questions or comments, please give me a call at 602-236-2574. You will receive a confirmation and a map to the SRP Hangar a week prior to the tour.

Thank you and have a wonderful day!

Hi Kristen,

Sharon Jarnigan said you usually send over something to her so Bob Burns can send a thank you letter to the ALEC scholarship sponsors. Can you keep me in the loop on that? I want to make sure the donors have been thanked.

Also, Kirk Adams and Andy Tobin want to help raise funds for the Washington DC trip.
Kirk really wants a lot of the newcomers to attend.

Russell and Kristen: Do you have suggestions?
Maybe have Kirk, Andy, and I split up phone calls asking for donations.
I'd like to start on this right after the primary election.

Sincerely,

Debbie Lesko

Hello!

I am following up with the states I haven't heard back from about Membership Events for next year. ALEC would really like to have one in each state and send someone out for your event. Would you please let me know what you are planning and when you will be holding your event?

Thank you so much for your hard work and I look forward to working with you in the New Year!

Thanks!
Laura

AMERICAN LEGISLATIVE EXCHANGE COUNCIL

ALEC

June 2011

As a key business leader, we are asking you to support ALEC's Arizona Scholarship Fund. The American Legislative Exchange Council (ALEC), a national organization of state legislators, founded on the Jeffersonian principles of free enterprise, limited government and individual liberties seeks to affect public policy at the most fundamental level of government – the States. ALEC forums held throughout the year educate legislators and generate model legislation that is available for use in Arizona.

Please consider sponsoring one or more scholarships that will enable legislators to travel to ALEC conferences, such as this year's Annual meeting, which will be held in New Orleans. It will cost $1,900 to send each legislator to the Annual meeting; your sponsorship in any amount is welcomed and is tax deductible. Our goal is to have 30 legislative members attend. Please make checks payable to:

Hi Russell and Andy,

Are you willing to electronically sign the attached letter asking businesses to donate to the AZ ALEC scholarship fund?

27 Arizona legislators have already registered for the Aug. 3-6th New Orleans ALEC meeting and we need to raise scholarship money.

If you agree to lend your signature to this letter, PLEASE EMAIL ME YOUR ELECTRONIC SIGNATURE.

Thanks,
Debbie

Sorry to bug you :-)

Can you send me that generic letter inviting businesses to donate scholarships for to ALEC? Rep Lesko wants to send it to the NRA, and neither she nor I have it yet...

Thanks!

You still probably want to get together with Rep Lesko to do up an official invitation - so that the members can be invited. She was a little surprised that it's all set and she hadn't even invited Adams...

Thanks Kristen.

AMERICAN LEGISLATIVE EXCHANGE COUNCIL

MEMO TO ALEC STATE CHAIRS

From: Chaz Cirame, Senior Director of Membership & Development
Subject: State Membership Events
January 25, 2011

What is a State Membership Event? An ALEC State Membership Event is an event planned by the Public and Private Sector Chairs (in coordination with ALEC staff) to recruit new Legislative Members in your state. Ideally, it is located in or near the state Capitol to easily draw attendees. The format is flexible. It can range from a small reception or lunch to a large dinner or reception. It also could be done in conjunction with an ALEC Issue Briefing (based on availability), where an ALEC policy expert would come discuss a pressing policy issue. The goal of the event should be to introduce ALEC to prospective legislative members and engage as many existing ALEC members as possible. **It is suggested that you invite all legislators or a non-partisan group, such as all newly elected legislators.**

Keep it simple and nearby. A good event does not have to be extravagant. Look for opportunities to have the event serve in place of a social gathering that would otherwise take place (such as a happy hour at the end of the day). The Public Sector State Chairs should talk about what ALEC means to them and ALEC Staff will be available to make brief remarks. Having prominent leaders such as your Governor can also be helpful. Be sure to have a sign-in sheet and a place to collect forms and checks near the entrance.

State events are paid for out of your state scholarship accounts. Many states cover the cost of the events working with their Private Sector chairs to secure sponsorships.

ALEC Staff Support. ALEC will provide any requested publications and membership materials and we will also send an ALEC representative to assist you with the event (ALEC would cover their travel expenses). You will be assigned a member of ALEC's staff who will assist you throughout the entire process of planning and hosting your State Membership Event.

Basic Responsibilities

- **Notify ALEC of date/time of event** by contacting Laura Elliott at 202-742-8527 or [redacted]
- Make sure all **ALEC Leadership in your state** knows about the event
- Work with other Public & Private Sector State Chairs to **plan details** (2 months prior)
- Compose a list of **prospective legislative members** for ALEC Staff & other State Chairs
- Send out **invitations** (preferably to all legislators) one month prior to event
- Arrange with ALEC Staff to have **membership materials** easily available
- Have a **sign-in sheet** for all attendees
- Work with ALEC Staff to **follow up with all attendees** (membership, Task Force Appointment, and getting to at least one meeting this year)
- Work with ALEC staff to ensure **photos are taken of the event**
- Assist ALEC Staff in **reaching out to private sector prospects** in the region

Hello!

I've attached a DRAFT of your account. It's a draft because my accountant is out so I can't do a reconciliation yet (which I will do early next week and confirm) but I thought this might be helpful in the meantime. You are less than $500 under what you need as of this point. I am certain Accounting will agree to cover that so that everyone who is in thus far will get paid.

Thanks,
Laura

Task Force Appointments
If you are a Public Sector Chair or Co-Chair, you should have received a copy of your Task Force Appointment form. Please note: **your Task Force appointments are due by February 1st**. Please complete this form and return it to Stephanie Linn at [redacted] or by fax at 202-466-3801.

Membership Events
We are hoping to hold a membership event in all 50 states this year. If you haven't already planned your event, please contact me at [redacted] or 202-742-8527 and I will be happy to help you do so. We have attached some general guidelines on how to have a successful event.

Scholarship Reimbursements
Attached is your final scholarship accounting report through the end of 2010. **This is your final report for 2010 but does not include any scholarships or contributions for 2011.** You will receive your first report for 2011 in February.

Patty,

Attached is a list of your members by expiration date – the ones who expired 12/31/2010 are the ones who need to renew. You will notice that there are some people who have left the legislature. We are in the process of updating our database right now so that is why the notices won't be going out until they have been corrected.

Thanks!
Laura

Subject: SRP Watershed Briefing and Tour Invitation
Importance: High

December 21, 2010

Dear Representative Elect Farnsworth:

Congratulations on your recent win as a Representative for the State of Arizona. As you are preparing to embark on a new journey at the State Legislature, Salt River Project's Government Relations team would like to invite you to participate in a fun and educational opportunity, a VIP Watershed Tour and Legislative Briefing on SRP power and water operations. The program features presentations from SRP technical experts on electricity, water, taxes and a helicopter tour of the Salt and Verde Rivers. We have reserved two dates for the briefing/tour:

Friday, January 14 and Friday, January 21, 2011.

The following agenda has been prepared for the tour:

7:45 am - Arrive at SRP's Project Administration Building (PAB) – breakfast provided

8:00 am - 8:45 am, History of SRP: Russell Smoldon, Manager, Government Relations

8:45 am - 9:30 am, Physics of Electricity: Bill Twardy, Manager, Pricing Administration

9:30 am – 10:15 am, Water: James Labar, Historical Analyst

10:30 am - Van departs to Crosscut helipad

10:45 am - 12:15 pm, Photo shoot & tour

12:30 pm, Arrive back at PAB.

We hope one of the two dates provided will work for your schedule and you are able to join us for this half day program. Seats are limited on the helicopter and will be filled on a first come first served basis. Please RSVP your attendance by January 7, 2011 to Nicole Hayworth at 602-236-2574 or via email[redacted]. More information, including a map to PAB, will be provided after attendance has been confirmed. We are looking forward to sharing this experience and working with

June 14th, the date Sen. Biggs suggested to Mr. Smoldon doesn't work for Mr. Smoldon since he's MCing the best of the Capitol Awards. SRP suggested the 13th, the 16th, or any day the week of the 20th. Do any of these dates work with the legislators or Mrs. Groe.

Hi Mr. Smoldon,

I received a constituent letter regarding barriers around canals that run through our cities. They want to know why there are no barriers. Mr. Farnsworth suggested I contact you for the answer.

Any information you can provide will be much appreciated.

Hi Mr. Smoldon,

Were you able to find out why there are no barriers surrounding the canals? Below is the letter Rep. Farnsworth received.

Dear Mr. Farnsworth,

I write to you today in hopes of being the change, to keep the children of Arizona safe around the canals that run through our cities; These same cites which require parents to place barriers around swimming pools to help prevent drowning's. Mr. Farnsworth why is it that these canals are not required to place the same barrier? Canals draw the attention of our children's curiosity just as much as any backyard pool does. I understand the importance of watching your children at all times, but you and I are both aware of the fact that no one is perfect. I have heard it a million times, from the fire-fighters on television which are called to these tragic accidents that having "a proper barrier" in place gives us those few extra minutes when one does lose track of their child. Why can't we have these same few moments when it comes to the canals in our "backyards?" Mothers, fathers, family, and friends should not suffer the loss of a child because of negligence on the cities/counties behalf, this is unacceptable! I ask for your help, as I take a stand against these canals and fight for barriers to be put in place. I thank you in advance for taking the time to read my letter, and I look forward to hearing back from you soon.

Jan, we have had a number of legislators from both the East & West Valleys contact us about this lady's communication. So please bear in mind that this info is identical to that shared with both House & Senate staff as well as other legislators. But, this is the info we provided ---

While it is tragic that any children get out of their parents' sight and play in a canal, there are a variety of reasons why we haven't fenced them in to date.

- Primarily, we believe that trying to keep everyone out is impossible. This is especially true in an urban environment. There are hundreds of road crossings, many of which are at angles and make for rather small triangular crossings, e.g. Scottsdale and Camelback (see attachment for examples). These locations are nearly impossible to secure. More importantly, if the canals were fenced, people would still get into them. The real problem arises from that fact; you can't keep them out, and if they are fenced, that fact makes extricating hurt, drunk, dazed and frightened entrants that much more difficult because access by first responders is limited.

- It is important to note that we have a very robust and substantial educational effort, including posted warnings, which emphasize that these are not recreational amenities and that they are, in fact, extremely dangerous.

- We are frequently asked why we don't fence when CAP does. The answer is that CAP fences because the CAP Aqueduct crosses mainly undeveloped lands and the fencing is intended primarily to keep animals who want to drink out of the canals, not humans who want to recreate.

- There are operational issues that require accessibility for equipment required for canal dry up and maintenance activities, in addition to rescue efforts.

- Note that there are 1300 miles of SRP canals and laterals. While the reason we don't fence is not driven by the costs, the cost would be astronomical.

- I also can't help but add that the canals preceded the neighborhoods, so prospective residents have some knowledge of the locations and accessibility of the waterways from their respective homes.

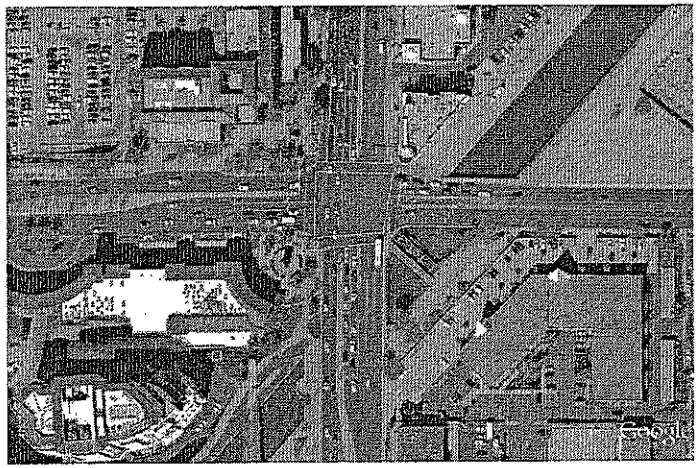

Please let me know if you have any other questions or I can provide additional information.

Hello Representative Ash-

It was nice talking to you on the phone yesterday with Russell Smoldon and I appreciate your time and consideration of my interest in this project. Although this issue does not relate to my current job duties at SRP, I was a criminal attorney for eight years prior to working here. I worked for five years as a deputy public defender in Maricopa County and was their legislative liaison from 1997-2000 and I was an assistant attorney general in the drug and violent crimes division and their legislative liaison from 2000-2002, and I was the Director of Legislative Affairs and the criminal justice policy advisor for Governor Napolitano prior to coming work at SRP.

I believe I share many of the same concerns that you have about the costs and fairness of administering justice in Arizona and I would be honored to assist you in your endeavor to return some balance to this system. Thanks you for consideration and I look forward to hearing from you.

AMERICAN LEGISLATIVE EXCHANGE COUNCIL

ALEC

April 28, 2010

Matt Dogali, State Liaison
National Rifle Association
11250 Waples Mill Road
Fairfax, VA 22030

Dear Mr. Dogali,

As a key business leader, I am asking your organization to support ALEC's Arizona Scholarship Fund. The American Legislative Exchange Council (ALEC), a national organization of state legislators, founded on the Jeffersonian principles of free enterprise, limited government and individual liberties seeks to affect public policy at the most fundamental level of government – the States. ALEC forums held throughout the year educate legislators and generate model legislation that is available for use in Arizona.

Please consider sponsoring one or more scholarships that will enable legislators to travel to ALEC conferences, such as this year's Annual meeting, which will be held in San Diego. It will cost $1,300 to send each legislator to the Annual meeting; your sponsorship in any amount is welcomed and is tax deductible. Our goal is to have 20 legislative members attend. Please make checks payable to:

Dear Russell,

Thank you for the wonderful evening which you hosted at the 2009 ALEC conference. It was a great opportunity for me to get to know you better as well as getting to know the other legislators in a non-working environment.

As you know, this year we are facing a great many challenges in Arizona. Inevitably and necessarily, many of us will be required to compromise and adjust our thinking in order to reach consensus on some of these important issues. I believe that our socialization at these informal evenings gives us a better appreciation and trust for one another that ultimately helps the legislative process.

Please convey my appreciation to your principals. I look forward to working with you as we try to do what's best for Arizona citizens. Please call my assistant, Maureen, any time we need to visit on any issue important to the people of Arizona.

Very truly yours,

Cecil P. Ash

Dear Russell,

Thank you so much for your support of the American Legislative Exchange Council and for your support of Arizona Night at ALEC.

I serve on the Information Technology and Telecommunications task force and the International Relations task force. I appreciate the opportunity I have been given to learn about issues important to our state and country with input from the private sector and input from other state legislators.

Arizona Night was fantastic! I couldn't have chosen a better venue myself.

I look forward to working together with you on issues that face our great state and nation and I am interested in learning more about the companies you represent.

Thank you again.

Sincerely,

Dlesko

Jeremy,

I have your message. Sorry for the delay in responding... long story.

Caroline and I have spoken, she will be participating by conference call at 2:30 tomorrow at Mr. Ash's office. Yes, what a plus that Meg Wuebbels Leal has ties to ATRA, and that she will be attending along with Russell Smolden from SRP tomorrow. Great! Mr. Ash is looking forward to the meeting!

Thanks
